

Central Intelligence Agency
Office of the Deputy Director for Intelligence

27 April 1988

NOTE TO: Deputy Director of Central Intelligence

STAT Last week I chaired my first meeting of the Intelligence Producers Council. At that time the Council approved [redacted] for Production Enhancement Initiatives. There is a lot I still need to learn about the Production Enhancement Initiatives. But clearly, awareness of the program within the Community is growing rapidly and the competition likewise. Thought you might be interested in a brief rundown of the Initiatives that were approved.

STAT

Acting Deputy Director
for Intelligence

DIRECTOR OF CENTRAL INTELLIGENCE

Intelligence Producers Council

Washington, D.C. 20505

ICS 6895/88

26 April 1988

MEMORANDUM FOR: Deputy Director of Central Intelligence

THROUGH:

Chairman, Intelligence Producers Council

FROM:

Chief, Intelligence Producers Council Staff

SUBJECT: Status of Production Enhancement Initiatives for FY 88

1. The Intelligence Producers Council (IPC) has approved 16 Production Enhancement Initiatives (PEIs) for FY 88, at a cost of [REDACTED]. In addition, we distributed [REDACTED] for second year obligations of FY 87 PEIs for a total FY 88 expenditure of [REDACTED]. Pending the availability of funds in FY 89, we have obligated [REDACTED] for second year funding of the 16 new initiatives. These PEIs address many subjects of high Community interest such as modeling the impact of the AIDS pandemic, analysis of narcotics trafficking and crop production, foreign C3 analysis, and [REDACTED] machine-assisted translation. A complete summary of the approved PEIs is attached for your information (TAB A). [REDACTED]

2. As a result of a modest public relations campaign by the IPC Staff, Community awareness of the PEI program has greatly expanded. The 16 PEIs approved were selected from 68 submissions, as compared to 15 submissions for the FY 87 program. This growth has provided a wide range of excellent proposals to choose from, enhancing the quality of the PEIs selected for funding. We anticipate that this growth will continue in FY 89 due to the success of this year's PEI cycle and to continuing budgetary constraints. [REDACTED]

3. As you know, the PEI program has provided all elements of the Intelligence Community an opportunity to enhance internal analysis while benefiting the Community as a whole. The attached matrix (TAB B) illustrates the number of awards for each organization and annual funding levels since the inception of the PEI program. [REDACTED]
